

#### Bloc 1

Depending on your track record or your professional/research focus, some prerequisites/corequisites of your first year program might appear in bloc 2. You are therefore invited to go through the list of courses suggested in bloc 2 even if you enroll for the first time in this master program.

To complete their curriculum, students must earn or validate the 65 credits of the compulsory courses (including the master thesis), choose 30 credits from one of the three professional foci and take 25 credits of optional courses. Ideally, students enrolling in the master program should have acquired the skills and knowledge corresponding to the 40 credits in "Computer science" offered as part of the bachelor program in engineering.

#### Compulsory courses within the focus

Registration to this focus only with a file (contact: C. Puit)

Students who intend to take the "Financial Engineering" focus in the Business Engineering Master, must take "GEST0832-4 Marchés Financiers", as the 5 credit free option course in this programme, prior to joining the Business Engineering Master.

FINA0001-1	<i>Analyse des états financiers et financement de l'entreprise</i> - Wouter TORSIN	Q2	45	-	-	5
FINA0017-1	<i>Comptabilité générale (hd)</i> - Anne BILS, Vincent COMPAGNIE	Q1	45	15	-	5
LOGI0010-1	<i>Supply Chain Management (anglais)</i> - Yasemin ARDA	Q2	45	-	-	5
